The night is spent with a ceiling of stars and Africa's night-time melody to sing you to sleep; a rare experience which is just about as far away from city life and the modern world as anyone can imagine.

You will have dinner in Kgotla camp and sleep again under the stars.

## Day 6 — 6 : TREE CAMP OR KOGTLA CAMP - 5 hours riding

---

 Tree Camp Mashatu

After a light breakfast, test the amazingly sure-footed Boerperds as you cross over basalt ridges following age-old elephant trails and enjoy long sustained canters to make up for the lost time traversing the ridges. After an exhilarating ride through this timeless countryside, a relaxing lunch in the eaves of the Tree Camp is very welcomed.

After an exhilarating ride through this timeless countryside, enjoy a relaxing lunch at Tree Camp. An afternoon ride or bush walk or game drive (if available) exploring the northern banks of the Majele, Matabole and Jwala rivers.

Please note that in the Tuli 2, tonight you will stay at the Kogtla camp, instead of the Tree camp.

## Day 7 — 7 : TWO MASHATUS CAMP OR TREE CAMP - 5 hours riding

### Two Mashatu Camp

Today the ride roams through the Pitsane River Valley. The day will involve riding up and down river banks, through riverine forest, game sightings and more fabulous photo opportunities. The river is fed by a spring high in the hills and its regular watering holes attract the wildlife, guaranteeing excellent sightings.

The area is steeped in history: the Zeederberg Trail, a stagecoach line that connected the towns of the Transvaal (South Africa) to the newly forged settlements of southern Rhodesia (now Zimbabwe), once traversed these open plains. The coaches would ford the Limpopo River before trailing the Pitsane River into Zimbabwe. En route there was an old British supply post, Bryce's Store, which was destroyed here in a skirmish between British and Boer soldiers during the Boer war in 1899. Today bullets, buckles and other remains can be found in the rubble around the store.

Spend the afternoon at leisure - perhaps enjoy the swimming pool - before you embark on a guided walk into the bush followed by dinner around the log fire.

Please note that in the Tuli 2, tonight you will spend at the Tree camp.

## Day 8 — 8 : TWO MASHATUS CAMP - 5 hours riding

### Two Mashatu Camp

Today's ride is rich in history and offers a variety of interesting tales of the past. The open Pitsane plains, so characteristic of this area, are perfect for a faster ride, hopefully with zebra or wildebeest... You head in the direction of the Majale and Limpopo confluence where lunch awaits you upon return to the Mashatus camp.

There is time to relax in camp, before either an afternoon ride or bush walk for your last African sundowner.

Dinner is in the Llala palm rondavel. A dreamless sleep no doubt awaits you as the final day draws to a close.

## Day 9 — 9 : TWO MASHATUS - LIMPOPO RIVER CAMP - JOHANNESBURG - 3-4 hours riding

Your last day in the savannah! Your final morning is spent riding along the Limpopo River, heading back to the stables where fond farewells are made to your horse and lunch is taken on the river bank.

You will be transferred to the airstrip for your flight back to Johannesburg. Your international flight back home should be in the evening, please check "dates and prices" for exact timings.

### **PACE**

---

There are long periods of walking whilst viewing game, interspersed with long steady canters.

### **TACKING ABILITY AND PARTICIPATION**

---

A team of grooms will feed, care for and saddle your horses. You can help with untacking if you wish, but this is not expected.

### **TRIP CONDITIONS AND REQUESTED EXPERIENCE**

---

You need to be physically fit for long hours in the saddle (c. 6 hours between dawn and lunch) in the African sun. The terrain is varied to include steep ascents/descents of the river bank and there may be holes or branches which you need to avoid.

Guests who do not ride regularly are requested to get fit prior to the ride. It is of particular importance to ensure you are comfortable and balanced when riding at speed across rough terrain and open spaces. If the guides feel that you are unsafe on horseback, then you will be offered non-riding activities instead.

### **EQUESTRIAN EQUIPMENT**

---

Water bottles are provided on all of the saddles. A small front saddle bag is also provided which is appropriate for small items such as sunscreen.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit. Helmets are mandatory on this safari.

## TRAVEL INFO

### COMFORT

Please note the accommodation differences between Tuli and Tuli 2 (pointed out in the itinerary).

Three nights at Two Mashatus camp : this camp is situated close to the Limpopo river. Four large walk-in tents are pitched on teak platforms with ensuite enviro-loo and hot shower. Each tent is private and positioned in the shade of a tree with a small deck area on which to relax during the afternoons. Traditionally built Lala palm rondavels serve as dining area and lounge. Small plunge pool available.

Two nights in Kgotta camp : the Kgotta is an old tribal court from a nearby community that was relocated to the banks of the Motloutse River on the western periphery of Mashatu. The boma is an open-air traditional African enclosure made up of leadwood logs. Guest sleeps on beds around a large log fire which blazes at the centre.

Two nights at Tree Camp: A unique camp built 4 meters above the ground, around the boughs of an ancient Mashatu tree and two lead wood trees. Overlooking the banks of the Majale River, this spot offers a spectacular panoramic view of the adjacent cliffs and flood plain opposite where Mashatu's legendary elephant herds roam. Five beautiful, spacious canvas roofed areas house four poster beds and classic antique furniture. There is a separate area for showers and toilets. There is a spacious dining and lounge area on the elevated platform for relaxing.

No Wi-Fi or mobile reception.

Tuli Safari offers a laundry service twice a week from either Tree Camp or Two Mashatus. There are no driers so in case of rain they cannot guarantee a 24h turnaround.

### MEALS

Breakfast is usually taken very early (before dawn) and is therefore light, consisting of cereals, fruit and rusks with tea or coffee.

Lunch is also light and may be quiche and salad or a variety of salads with cold meats.

High tea in the afternoon with a selection of drinks and freshly baked cakes.

Dinner is three courses. Wine is served with the meals and a selection of drinks are available.

Vegetarians and special diets can be catered for with advance notice.

### CLIMATE

The seasons are the reverse of the UK, with winter (June - Sept) being dry with no rain and clear skies. Daytime temperatures are pleasant and the nights are cool.

Summer (Nov - March) is hot and there is the chance of dramatic thunderstorms.

### TIPS

We recommend tipping c. GBP 10-15 per day which will be split between the entire team. If you go on a game drive then your guide will appreciate a small tip. You can tip in South African Rands, GBP and euros.

If you wish to tip your guide separately then you may do so.

### PACKING LIST

#### Specific Recommendations

Please note: in the case of a light aircraft transfer, remember that planes don't necessarily have a separate luggage compartment, and carry-on regulations may apply. The weight limit is 18 kg and 5 kg for your carry-on. Remember that safari camps provide shampoo and soap, as well as alcohol, so make sure to pack accordingly. Please remember soft bags only are accepted, hard-sided luggage will not be accepted on the plane. Luggage type and weight:

- Maximum luggage weight is 18 kg/35 lbs, 40 cm x 30 cm x 60 cm (Soft luggage/duffle with 1 flat side only, and no protruding wheels).

- Hand luggage is 5 kg/11 lbs (1 soft piece)

- You can also have your "ladies" handbag with you - but please limit the size and do not try to squash extra clothing/equipment inside them. The charter planes are much smaller than normal planes and thus have limited space.

- Power banks = only 1 per person and must be carried with you on your person and not be in any of your bags. This way any overheating Lithium ion

batteries/powerbanks will be immediately identified and disposed of to avoid an inflight fire – this is a safety aspect.

- Riding helmets can be carried on the flight with you

Please limit the size of them and not try to squash extra clothing/equipment inside them. The charter planes are much smaller than normal planes and thus have limited space.

Should your luggage exceed these limitations, you will not be able to load it. Excess luggage remains the responsibility of the passenger.

The planes don't necessarily have a separate luggage compartments, and carry-on regulations may apply. Remember that safari camps provide shampoo and soap, as well as alcohol, so make sure to pack accordingly.

Liquid Restrictions:

Perfume - 50ml

Eau de Toilette – (250 ml)

Non-flammable and Non-alcoholic liquids – 500ml per container. A combined total of no more than 2l in checked bags.

Pocket knives/Leatherman's and other sharp objects:

These need to be packed into passengers checked bags and will not be allowed in carry-on bags.

- Please don't take a hard sided suitcase. Your luggage should be soft sided, particularly for light air transfers. See above.

- Wherever possible you should wear neutral colours, such as beige, brown or natural bush colours for riding as bright colours, such as red, yellow or white can startle the wildlife and they will see you long before you've seen them

- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!

- Laundry service is provided

### **Head**

- You will be required to wear a hard hat when riding and you should take your own to ensure a correct fit.

### **Upper body**

- Long sleeved shirts provide protection from the sun and thorns

- T-shirts

- Waterproof jacket - the rains can be difficult to foresee and it's better to be prepared. Rain is more likely Oct-April

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub

- Shorts for lazy lunchtimes

- Casual clothes for the evening

### **Hands and Feet**

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps to protect against thorns. We don't recommend taking your favourite long leather boots in case they get damaged

- Gloves - your hands are particularly exposed to the sun whilst riding

Nightwear

## SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
