ITINERARY

Highlights

- Borana lodge has only 8 cottages so feels very private and exclusive. The lodge overlooks a watering hole so you can view game without leaving your cottage
- Ideal for mixed groups of riders and non-riders as game drives, guided walks and cycling are on offer
- Good game viewing including all of the Big Five
- Children and novices can ride from one of the stables if they wish
- Arrive/depart on any day and stay for as long as you like (minimum stay of 3 nights)
- All retained earnings generated by a stay at Borana Lodge are invested into the sustainable conservation of land, wildlife and building local livelihoods.

Day 1 — 1: LONDON - NAIROBI

Overnight flight from London to Nairobi. If you choose a day flight, which arrives into Nairobi in the evening then you will need to overnight in a hotel in the city before transferring to the lodge the following morning.

Flights are not included but we can assist with this on request.

Day 2 — 2: NAIROBI - BORANA LODGE - 2 hours riding

Borana lodge

On arrival at Nairobi international airport you will be met and transferred to Borana lodge, either by road or by light aircraft.

If transferring by light aircraft then you will be transferred to Wilson domestic airport to board your flight (these transfers are not included in the listed

prices). On arrival at Lewa airstrip you will be transferred by safari vehicle to Borana lodge - this is a journey of c. 1-2 hours depending on how much game you meet on the way.

After being shown to your cottage, you can either relax for the afternoon or go for your first ride to blow the cobwebs away. Dinner is taken with all guests around one large table.

NB. Please note that this is a sample itinerary and the actual itinerary is flexible depending on your wishes.

Day 3 — 3: BORANA LODGE - 4-6 hours riding

 Borana lodge

This programme is extremely flexible: you can choose to ride every day, or go for a walking safari, or even choose to go with a safari vehicle or a mountain bike! You are free, and very welcome, to organise your days as you please.

Whatever you choose, you are guaranteed an incredible experience. For your safety, you will be accompanied by professional, armed guides.

Other additional activities might include:

- Safari in the Lewa Wildlife Conservancy, famous for its population of black and white rhinos,
- Visits to local Masai communities,
- For 2+ people, the Camp can organise an overnight stay in a comfortable fly camp with showers and bathroom. A thrilling experience! (early booking recommended).

EQUESTRIAN INFO

Horses

There are 26 horses at Borana ranch, mainly Thoroughbreds or Thoroughbred crosses standing between 14.2hh and 16.3hh. All the horses are well schooled and ridden in snaffle bridles. Most saddles are English style Wintec's but there are one or two Australian stock saddles.

At Ngare Ndare stable near the Ngare Ndare River there are bush ponies which are suitable for all abilities, including children. These horses live in the bush with the plains game and so can get close to the giraffe and antelope.

Minimum riding ability

MINIMUM RIDING ABILITY

The horses at Borana Lodge and Kisima are only suitable for competent riders and as this is an area of potentially dangerous game, riders should be capable and confident at all paces in open spaces. However the horses and riding at the Ngare Ndare stable are suitable for children and novice riders, so it will be possible for all guests to ride during a week's stay. Those who wish to ride everyday will need to be at least confident intermediate standard.

Rider weight limit: 95kg / 210 lbs / 15 st

PACE

The pace is mixed to include walk, trot, canter and gallop. When watching game, you will be mainly walking, but there are opportunities for faster riding where the terrain allows.

TACKING ABILITY AND PARTICIPATION

The horses are tacked and untacked for you.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

As this is a centre based ride, you don't need any special experience and can opt out of any rides for a more leisurely stay.

There are a good selection of horses to suit a wide range of riding abilities, including ponies for children. The guides will tailor the riding to suit everyone. There is faster riding for experienced riders.

EQUESTRIAN EQUIPMENT

Horses are ridden in English tack.

There is a small number of Australian stock saddle and American saddles.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

TRAVEL INFO

COMFORT

There are 8 cottages at Borana Lodge - four with double beds and four with twin beds, both of which are Queen size. Four of the cottages have their own verandah; two of the cottages share a verandah. Each of the cottages has an open fireplace and private bathroom.

The lodge is set in a verdant garden of indigenous plants and has an infinity pool overlooking the watering hole frequented by elephants. The main lodge area has a dining room and a sitting room with sofas and armchairs.

WiFi available.

There is an on-site spa providing a variety of spa treatments and massages. We recommend booking your treatments after your arrival at the lodge as timings may vary depending on activities and wildlife sightings.

There are also options for riders interested in spending an overnight at a luxurious fly camp.

MEALS

Food at Borana is where ever possible locally sourced, organically grown on their own farms and those of their neighbours. There is juice freshly squeezed from the fruit in the orchard and wine from around the world. The chefs have great fun preparing delicious and healthy cuisine to suit any palette and cater for all dietary requirements and ages. Meals are served in the lodge, in the bush or in a treehouse.

CLIMATE

The weather in Kenya is fine all year round with little seasonal variation.

The long rains fall in April and May and the short rains in November. During the day it will get hot while at night temperatures can drop quite sharply and it can feel cold.

February, March, and April are the hottest months with an average of 20-21° C in the day and maximum of up to 27° C.

The temperatures in May are around 19° C.

The coldest months are June, July, August with temperatures between 16 and 17° C with a maximum of 25° on better days .

Temperatures in September are around 18° C.

October, November, December and January have daytime temperatures around 19-20° C and 26° C on better days.

TIPS

Tipping is customary in Kenya, always carry some small note denominations for drivers and porters in hotels or airports. It is customary to give a tip at the end of your safari, the amount will depend on the quality of the service you receive. Allow about \$10 per day per person for the whole team.

PACKING LIST

NB: Please be aware that Kenya has a strict law against single use plastic bags, which have been banned since 2017. Please do not use them for any of your packing and do not bring them into the country.

There is a 15kg luggage limit, but toiletries, towels, dressing gowns and hairdryers are all provided and there is a laundry service.

Head

-Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit.

- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana

Upper body

- Long sleeved shirts provide protection from the sun and thorns
- T-shirts
- Fleece, jumper or jacket - the evenings can be cold
- Waterproof jacket - the rains can be difficult to foresee and it's better to be prepared.
- Casual clothes for the evening

Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Shorts for lazy lunchtimes
- Casual clothes for the evening

Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps to protect against thorns. We don't recommend taking your favourite long leather boots in case they get damaged
- Sandals, flip-flops or trainers for moving around the lodge and camp
- Gloves - your hands are particularly exposed to the sun whilst riding

Nightwear

Other useful items

- Swimsuit - for plunge pools
- Binoculars for viewing game
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding
- Insect repellent and bite relief cream

Medical kit

- Sunscreen and lip balm - must be high factor
- Insect repellent, preferably containing deet
- Any medication you regularly take
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...
- Spare prescription glasses/contact lenses
- Anti malarial tablets and Yellow Fever Certificate if required (check with your doctor)

Our Recommendations

- Please don't take a hard sided suitcase. Your luggage should be soft sided, particularly for light air transfers. There is usually a luggage limit of 15kgs for the light aircraft transfer.
- Wherever possible you should wear neutral colours, such as beige, brown or natural bush colours for riding as bright colours, such as red, yellow or white can startle the wildlife and they will see you long before you've seen them
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
