### ITINERARY

## Highlights

- A 100% Romanian team of local guides who are happy to share their passion for their country
- The untouched nature of Transylvania and the rural way of life where the horse is still king
- Some nights are spent in beautifully restored properties once belonging to princely families of Transylvania
- Chance to spend a night or two with Romanian families
- Unique architectural heritage with many preserved medieval villages

## Day 1 — 1: EUROPE - BUCHAREST - MIKLOSVAR - No riding

Count Kalnoky's house

On arrival at Bucharest airport (flights not included) you will be met and transferred to the small village of Miklósvár which is 25kms from the stables. Transfers are payable locally (see dates and prices).

The area was part of the Austro-Hungarian empire and became Romanian during the 1st World War. A number of the traditional houses in the village have been restored in order to preserve their original Transylvanian charm. Accommodations today will be in the castle or guesthouses (first come, first serve basis). The cottages are situated within spacious gardens.

Meet your guide or Countess Anna Kalnoky during dinner and discuss the week ahead.

## Day 2 — 2: KOROSPATAK - MALNAS BAI - 4-5 hours riding

Malnas Bai b&b

After breakfast you will be transferred to the riding centre at Valea Crisului (40min by car). The ride starts slowly with a climb onto a ridge with

magnificent views stretching to the high Carpathian Range. Leave the villages of Kálnok and Zálán down in the valley and meet shepherds with their flocks on the pastures. At the end of the day, descend through the forest to reach Malnas Bai where you stay the night as guests of a local hunter's family (bathrooms might have to be shared). Once a thriving thermal village with plenty of mineral water springs, this village has typical wooden turn-of-the-century Transylvanian spa architecture, although now in rather rickety shape.

## Day 3 — 3: MALNAS BAI - BATANII - 5 hours riding

 Krisbacon b&b

After breakfast, you climb back north-westerly into the deep forests of the Hatod region, where 6 villages share the same woods. Ride along a quiet forest track, alongside which bear tracks can sometimes be found. After riding around the extinct volcano "Murgo", you descend on gentle grassy slopes to the Batanii villages ("Big Bacon and Little Bacon") to reach your accommodation which is in village houses at lovely Little Bacon. The villagers here are known to be especially hospitable and friendly, and before dinner will take pride at showing you their still functioning watermill and traditional looms.

## Day 4 — 4: BATANII - MIKLOSVAR - 6 hours riding

 Count Kálnoky's house

Head northwest through forests and hay meadows, to climb up to Szép Arca hill on the southern slopes of the Hargita Range. Wide views open out onto the distant Barót and Olt Valley. Descend south across a valley to reach the hills south of Barót. Picnic will be at a small lake. From here you follow the lower line of the forest along the beautiful valley of the Olt river, reaching Miklosvar's manor grounds and stables in the afternoon. You will be accommodated at Count Kálnoky's guesthouses but there is limited space - if the guesthouses are full then you will stay in local village houses. Visit the castle, its museum and park in the afternoon and hang out at the Stone Pub for pre-dinner drinks in the evening.

## Day 5 — 5: MIKLOSVAR - ZALANPATAK - 4-5 hours riding

Leave Miklósvár and head east along forests and pastures, passing through Szárazajta / Aita Seaca ('Dry' Ajta village), to climb up to the ridge above Zálánpatak valley. Enjoy beautiful views on the Carpathian mountain range before descending southeast to the village of Zálánpatak / Valea Zalanului, which was part of the Kálnoky family estate as a glass manufacture. It now harbours H.R.H. The Prince of Wales's private retreat. Accommodation for the next 2 nights will be in restored traditional houses. Before dinner, you will have a walk in the evening on the Prince's estate to watch wildlife venturing out onto the meadows at sundown.

## Day 6 — 6: ZALANPATAK - KOROSPATAK - ZALANPATAK - 4 hours riding

From Zálánpatak, you return to Kőröspatak across hills and brooks. This trip was very common for many a generation of the Kálnoky family who had to ride often between the two villages. It is a medium ride through spectacular surroundings with wonderful views from the high pastures. After crossing the ancient village of Kálnok, your final canter will take you to the ruins of the old tower above Kőröspatak. Before reaching the stables you will walk the horses in the little stream crossing the village. You will be transferred back to Zálánpatak guesthouse for the evening.

## Day 7 — 7: MIKLOSVAR - BUCAREST - EUROPE

After breakfast you will be transferred back to Bucharest for your flight back to Europe. .

We recommend booking a flight in the late afternoon to leave plenty of time for your transfer.

## EQUESTRIAN INFO

## Horses

---

The local horses are between 14.2hh and 16.2hh and are a mixture of breeds, including Arabs, Lipizzaners and Huzul - a robust breed unique to the Carpathian mountains. They are keen spirited, adaptable and well suited to the terrain.

English saddles and bridles are used.

## Guide & local team

---

A horse riding instructor and long-distance rider, Romfeld has a degree in philosophy and grew up in the region. As a guide he is very reassuring and disciplined and will take great pleasure in showing you his home region in the spring.

Elekes has a degree in geography and is proficient in horseback archery. He is passionate about his country, its tranquility and stunning countryside. He will be your guide on rides in spring and autumn.

Steliana is a much loved guide - as much for her calm and organised nature as for her lively and energetic side that is brought out when it's needed! She has a strong background in tourism; she is a qualified horse-riding instructor and has ridden in CSO competitions.

All the Romanian guides have at least an intermediate level in English.

## Minimum riding ability

---

### MINIMUM RIDING ABILITY

The minimum requirement is that you are comfortable and secure in the saddle at a walk, trot and canter and are used to riding in open country and over different types of terrain. The horses used are sensible and well mannered to ride so they are well suited to people of intermediate riding ability and above.

There is a maximum rider weight of 90kg/ 14st/ 198 lbs.

### PACE

The rides are at a moderate pace, with routes taking you through forest and up and down mountain tracks. There are lots of opportunities for trots and

canters each day as much of the riding is across open grassland. There is a little road work each day (some on tar roads) in the vicinity of the villages you pass through, but roads are generally very quiet with little motorised traffic.

## **TACKING ABILITY AND PARTICIPATION**

You will be requested to assist with the care and preparation of your horse although help is on hand if required.

## **TRIP CONDITIONS AND REQUESTED EXPERIENCE**

The area you ride through is very unspoilt and untouched by tourism. Some of the riding is through forest and up and down mountains and there are one or two places where you might need to dismount and lead your horse over rough ground. You need to be riding fit as you will cover 150km during the week. You are requested to ride regularly at home before joining the trip.

## **EQUESTRIAN EQUIPMENT**

English tack. Small saddlebags are provided.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

## **TRAVEL INFO**

### **COMFORT**

The accommodation varies throughout the trail. You will experience life as the locals live in the village, but also enjoy the charms of Count Kalnoky's and The Prince of Wales's cottages.

Rural guesthouses in the villages are roughly equivalent to British 'B&Bs' and you are staying with a family. They are simple but clean and well maintained, with inside plumbing, bathrooms and loos, hot water and central heating. Bathrooms are often shared and may be along a corridor or through the kitchen. Most bathrooms have showers rather than tubs but are clean with plenty of hot water.

Kalnoky's and Prince of Wales cottages: The guestrooms are furnished exclusively with antique Transylvanian furniture, including most of the textiles. All rooms have double beds with woollen and duvet covers. In order to create an atmosphere of peace and tranquillity, the rooms do not have television or radio; instead, you will find plenty of interesting books on the shelves. Each room has an electric kettle, with tea and coffee provided.

### **MEALS**

Food in rural Romania is generally organic and full of flavour and you will have the chance to sample some traditional dishes, although the choice can be limited by what vegetables etc are in season. Breakfast is eaten at your guesthouse or inn and is typically a selection of eggs, cheese or cold meats with bread or toast. Lunch is generally a very simple picnic out riding - ham or cheese sandwiches with fruit for pudding. Dinner, which is eaten at your guesthouse or hotel, is often soup, then a main course which will sometimes include a regional speciality such as wild boar or venison stew, peppers stuffed with meat or vegetables, different types of sausage, seasoned minced-meat wrapped in cabbage or vine leaves or perhaps spicy meatballs, followed by a cold pudding or fruit. Food is locally grown and fresh, however usually only one menu is prepared at the guesthouse and there is no choice.

Vegetarians can of course be catered for, but please let us know in advance.

Drinks are not included and payable locally.

### **CLIMATE**

The average temperature in the south and along the Romanian coast is around 11°C, but is only 2°C in the mountainous regions. Winters in Romania can be particularly harsh and foggy; it often snows copiously between December and April.

In summer, it is generally hot and sunny along the Black Sea coast, with rainfall reaching its peak across the country in spring. The mountains receive the most rain and the Danube Delta the least.

Between April-May and September-October the temperature up in the mountains is usually around 12°C - 16°C and in the summer, a very agreeable, 22°C in the day - with some rainstorms possible.

### **TIPS**

Tips usually come to around 10% of the overall cost of your trip, but tipping always remains at your discretion.

## SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
