## Guide & local team

---

Rafael, a local from Madrid, is a graduate in political sciences. At the age of 22, he decides to settle in a small village at the heart of the Sierra Nevada National Park, where he starts his equestrian venture. A way of life that allows him to combine his passions: horses, the great outdoors, good music and good food!

## Minimum riding ability

---

### MINIMUM RIDING ABILITY

These rides are suitable for competent riders. You should be able to control a horse outside at all paces and over varied terrain. You should be able to mount and dismount without assistance.

### PACE

There are plenty of opportunities to trot and canter, but the terrain in the heart of the mountains dictates when we can do this.

## **TACKING ABILITY AND PARTICIPATION**

You will tack and untack your horse and assist with feeding and watering if you would like.

## **TRIP CONDITIONS AND REQUESTED EXPERIENCE**

You will need to be reasonably fit as you will be required to lead your horse on some of the steep descents, and will need to be comfortable walking on rough ground.

Previous trail riding experience over several days is an advantage, but is not required.

## **EQUESTRIAN EQUIPMENT**

Very comfortable trail riding saddles.

Helmets are compulsory. We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

Summers are dry and hot - around 30-35°C

Due to the altitude, winters can be cold (down to -4°C). Snow is not uncommon in this part of the country.

### **TIPS**

It is customary to leave a tip, usually around 10% of the bill - although this is often already. You may wish to leave a tip with the guide who can split it amongst all members of the team - this is not obligatory and is entirely at your discretion.

### **PACKING LIST**

#### Head

- A riding helmet is compulsory and we recommend that you take your own to ensure a correct fit. Helmet makers (GPA, HKM, LAS Helmets, Lamicell, Troxel, Equithème) now offer horse-riding helmets that are ventilated, strong, light and comfortable.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana for protecting your neck and face from the sun, wind or rain
- Warm hat for cold evenings/days

#### Upper body

- Thermals in case of cold weather
- Long sleeved shirts provide protection from the sun or extra warmth
- Down jacket or gilet for cold evenings
- T-shirts
- Lightweight fleece or jumper
- Warm polar fleece or equivalent (plus a spare in case one gets wet)
- Waterproof jacket - rain can be difficult to predict and it's better to be prepared. In the mountains the weather can change quickly

#### Legs

- 2 pairs of lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub

- Waterproof over trousers
- Casual clothes for the evenings (jeans or walking trousers)
- Thermal trousers for cold days or for sleeping in
- A swimming costume may be useful as some hotels have a pool
- Non-irritant cotton or synthetic underwear

#### Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps. We don't recommend taking your favourite long leather boots in case they get damaged

- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc..
- 10cm wide bandage
- Spare prescription glasses/contact lenses

- Handwash gel

#### General information

- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals
- In your hand luggage carry any valuables, such as your camera, ipod, ipad etc.
- Backpacks cannot be worn whilst riding. We recommend a small bum bag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc)
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!

## SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.

4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
