EQUESTRIAN INFO

Horses

The horses are local Meren mountain horses, bred for their ability to navigate the tough mountain terrain. They will take you safely through the region. They live out high up in summer pastures as a herd before being brought into work, which gives them their sure footedness and hardiness. The horses are ridden in English saddles.

Guide & local team

The owner of the horses and trail riding company - Sylvain - is local to the area and is a certified guide for both climbing and horse riding. He is a geographer and specialist in ecotourism and will share his passion of mountains, horses and outdoor sports with you.

Whilst Sylvain normally guides this ride it may be possible that another member of his team guides and he works with the logistic team.

Minimum riding ability

MINIMUM RIDING ABILITY

These rides are suitable for competent riders. You should be able to control a horse outside at all paces and over varied terrain. You should be able to mount and dismount without assistance.

Riders over 80 kg / 12.5 st / 176 lbs, please contact us before booking.

PACE

There are plenty of opportunities to trot and canter, but the terrain in the heart of the mountains dictates when you can do this.

TACKING ABILITY AND PARTICIPATION

You will tack and untack your horse and assist with feeding and watering.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You will need to be fit as you will be required to lead your horse on some of the steep descents, and will need to be comfortable walking on rough ground. You must be able to get on and off unassisted several times a day. Be prepared for changing weather due to the altitude.

A previous trail riding holiday over several days is required. Riders who do not ride regularly are requested to get fit prior to the ride. This ride is better suited to adventurous riders.

EQUESTRIAN EQUIPMENT

Water bottle holders are provided along with saddle bags.

Comfortable English tack.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit

TRAVEL INFO

COMFORT

The nights are spent in gites or guarded refuges. These refuges are located along the trails and offer dormitory accommodation and a meal cooked by the caretaker who is on duty. Some nights are spent in hotels. Please bring your own sleeping bag.

MEALS

Picnic lunches are cold and carried in saddle bags.

Evening meals are cooked by your hosts and guides.

There will be a supplement to pay if you have any specific diet (vegetarian, gluten free, etc). Please see dates and prices.

CLIMATE

The region can experience different weather patterns.

In the foothills of the Ariège valley towards Tarascon and Pays de Sault the weather is mediterranean, with hot and sunny weather likely.

In the Pyrenean valleys the weather is more volatile with the possibility of storms and high temperature differences between day and night.

Rain can be possible all year round, particularly on the northwest facing slopes and snow is common above 1,000m.

TIPS

In France it is customary to tip - usually this is by rounding up the price when you are satisfied with the service in a restaurant. You may wish to leave a tip with the guide who can split it amongst all members of the team.

PACKING LIST

Please keep in mind this is an altitude trail and the weather can be unpredictable - anything from hot sunshine to hail and even snow. Please be prepared and bring appropriate clothing and gear.

Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana for protecting your neck and face from the sun and dust

Upper body

- Thermals in case of cold weather
- Long sleeved shirts provide protection from the sun, which can be fierce at altitude
- T-shirts
- Lightweight fleece or jumper
- Warm polar fleece or equivalent (plus a spare in case one gets wet)
- Waterproof jacket - rain can be difficult to predict and it's better to be prepared. In the mountains the weather can change quickly. Goretex is preferred.

Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Waterproof over trousers
- Casual clothes for the evenings (jeans or walking trousers)
- Thermals (can also be used as nightwear)

Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps. We don't recommend taking your favourite long leather boots in case they get damaged
- Lightweight shoes or trainers for the evenings
- Several pairs of warm socks
- Gloves - your hands are particularly exposed to the sun, wind or rain whilst riding

Nightwear

- Sleeping bag with a minimum comfort rating of minus 5 celsius - you may find minus 8 - minus 10 more comfortable.
- Sleeping bag liner adds an extra layer - either cotton, fleece or silk
- Self inflating mattress such as Thermarest for comfort
- Pyjamas or tracksuits or thermals for sleeping in

Other useful items

- Towels (camping towels pack lighter and dry quicker)
- Swimsuit - for swimming/bathing in rivers
- Small backpack for accessing items required during the day (carried by support crew)
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding
- Headtorch or small torch for moving around at night - bring spare batteries and bulbs
- Water bottle (2 litres or 2 x 1 litre)
- Wet Wipes or equivalent (for when washing facilities aren't available)
- Ear plugs (for light sleepers)

In your luggage

- Any liquids, such as shampoo, moisturiser, deodorant unless they are less than 100ml and all bottles can fit in a small, clear, plastic ziplock bag.
- Swiss army knife or equivalent

In your hand luggage

- Any valuables, such as your camera, ipod, ipad etc.
- Your riding hat

Medical kit

- Sunscreen and lip balm - should be high factor
- Insect repellent
- Any medication you regularly take
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...
- Spare prescription glasses/contact lenses
- Eye drops
- Imodium or similar anti-diarrhoea medication
- Re-hydration sachets

- Antiseptic wipes
- Handwash gel

Our Recommendations

- Please don't take a hard sided suitcase. Your luggage should be soft sided with a capacity of 60-80 litres. We recommend taking a backpack or similar. The luggage limit on the ride is 15kg per person.
- Backpacks cannot be worn whilst riding. We recommend a small bum bag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc)
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- You should carry a copy of your passport and insurance policy with you

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
