- Enjoy the freedom of riding in vast open spaces.

## Day 1 — 1 : EUROPE -COLORADO SPRINGS-RANCH (Saturday) - No riding

Quality Inns & Suites Garden of the Gods

Flight to Colorado Springs - flights not included.

On your arrival into Colorado Springs, we suggest a night at a hotel in this charming city. Make the most of the opportunity to rest up and get over your jetlag before the great week ahead of you at the ranch! Please note that this night is not included in the advertised price, as you are free to make your own plans and book your preferred hotel. We are happy to provide you with a detailed quotation.

This night in the hotel will allow you to rest up before you head out to the ranch the following day and help you recharge before a busy week working with the cowboys. In the evening, you will be free to try one of the local restaurants and explore the town a little.

Flights and hotel night are not included in the price.

## Day 2 — 2 : RANCH (Sunday) - No riding

 Chico basin ranch

After breakfast, a wrangler will pick you up at the hotel around 1:00pm to drive you to the ranch.

Sunday is a rest day. You can arrive early in the afternoon and use the free time to settle in, explore the area and meet the team.

## Day 3 — 3 : RANCH - 4-8 hours riding

---

 Chico basin ranch

Your first day at the ranch!

The team provides all the equipment and supplies necessary for you to cook yourself your own breakfast and picnic. You will meet the team at the HQ, make sure to bring your packed lunch with you!

A typical day includes heading out on the ranch for part of the day, either on horseback or in a vehicle, and then spending time doing other activities in the afternoon. Guests are invited to join in on everything that it takes to make the ranch work: checking fence, monitoring grass growth and water, fixing pipeline leaks, working in the leather shop and machine shop, moving cattle, welding, grazing planning, and more. We recommend that guests take time to ride at home before coming so that they can fully enjoy the adventure of working on a horse with cattle when it does happen. We do not recommend that people with less than strong intermediate to advanced riding skills or low physical fitness participate in our programs as riding days can include trotting for long hours to reach cattle. Every day will not include riding, but when we do ride, guests need to be ready to ride long distances at a steady trot.

Ride back to the Ranch and get ready for a hearty dinner, prepared by the team and taken family-style, all together. Every night, you will be welcome into the home of one of the staff or dinner (rotating between each staff member).

**IMPORTANT:** The following program is provided as an indication, it is by no means exhaustive but reflects all the activities in which you are asked to participate.

The weeks are dictated by the life on the farm, your desires and your experience. Every evening, you will discuss the following day's programme with the wranglers.

## Day 4 — 4 : RANCH - 4-8 hours riding

---

 Chico basin ranch

Today marks your first experience at driving cattle.

Gather the cattle and drive them in the right direction. Depending on your abilities and your experience, you will be asked either to push them from the back or to catch the runaways.

Chico Basin is an eco ranch - in order to preserve the pastures, the cattle have to be moved often from one pasture to another. The cowboys will be delighted to tell you more about their techniques and traditions - no need to push them!

Breeding is done in the most natural possible way - no hormones, no antibiotics, which only means one thing: a mean steak dinner in the evening!

## Day 5 — 5 : RANCH - 4-8 hours riding

---

 Chico basin ranch

After a hearty breakfast (of your own making), a long ride will take you through the vast grassland of the Ranch.

Checking and mending the fence might be on the menu today. You will cover long distances to check the entirety of the estate, with some good gallops to keep up the pace. You will also make the best of this ride and check the herd - it is important to check for signs of illness or wounds. In the springtime, you might also spot a newly born calf!

You will be back at the Ranch in the middle of the afternoon, with some time to relax before dinner.

## Day 6 — 6 : RANCH - 4-8 hours riding

---

 Chico basin ranch

If you are lucky and going to the ranch in the spring time, you may be able to participate in a big branding day.

This traditional event is an absolute necessity at the Ranch. It allows wranglers and ranchers to identify their animals as they sometimes get mixed up with other herds. Branding is traditionally done around springtime.

After going through the cattle to identify the individuals that need to be branded, fires are lit and it's time to get down and roll up your sleeves. Learn how to use a lasso to catch the calves, before branding and vaccinating them.

You will be assigned a task suiting your experience fitness levels. Some guests stay on horseback and control the herd, while others work with the calves. Make sure to tell the wranglers what you are comfortable with.

## Day 7 — 7 : RANCH - 4-8 hours riding

---

 Chico basin ranch

Several cows and their calves must be moved to another pasture. You ride slowly to make sure you don't lose any calves, still weak and definitely not too quick! By now, you should be able to drive cattle and overcome any obstacles you might encounter. Gates no longer stop you!

You might also have a chance to get close to some birds and deers.

## Day 8 — 8 : COLORADO SPRINGS- EUROPE - No

---

After breakfast, you say your goodbyes to the team - or rather, your "see you next year". If your flight is late enough, you might go for one last morning ride.

Transfer to Colorado Springs (payable locally) or extend your trip with a Colorado road trip. Please contact us for extensions.

Flight to Europe.

## EQUESTRIAN INFO

## Horses

---

The ranch has more than twenty quarter horses, all of which have been born and bred at Chico. They are all broken in on the ranch and are excellent ranch horses that know their jobs. They are trained throughout the year by the wranglers and are between 14.2hh and 15hh.

All horses are ridden western style.

## Guide & local team

---

English speaking staff.

The ranch is supervised by an environment protection association. The terrains and fields of the ranch are managed in an ecological and holistic way. The wranglers and the staff are either employed or volunteers. They are very friendly and do their best to make the most of your stay. Some of them are sometimes a little talkative because of their shyness. Go first and talk with them!

# Minimum riding ability

---

## MINIMUM RIDING ABILITY

This trip is for experienced riders not afraid of hard work. You have to be comfortable at all paces in some open fields. Children under 8 years old can ride inside the ranch. Over 8 years old and if matching the riding level children can join the outside activities accompanied of their parents.

We do not recommend that people with less than strong intermediate to advanced riding skills or low physical fitness participate in our programs as riding days can include trotting for long hours to reach cattle.

Rider weight limit: 105 kg / 16st4 / 230 lbs.

## PACE

You will 4-8 hours riding depending on the ranch activities.

Long canters and trot or jog (sitting in the saddle) depending on what needs to be done - working directly with the cattle will be, on the other hand, slow.

## TACKING ABILITY AND PARTICIPATION

You will be asked to groom, tack and untack your horse.

You may wish to take part in the daily tasks of the ranch like watching the cattle, mending fences...

## TRIP CONDITIONS AND REQUESTED EXPERIENCE

An experience of Western riding style and cattle work are not compulsory for this stay, but is recommended. Days in the saddle can be very long and this is a real working ranch experience - very far from the romantic idea of a guest ranch.

Every day will not include riding, but when we do ride, guests need to be ready to ride long distances at a steady trot.

Although the Chico is a serious working ranch, the team will not expect you to do more than you want. We can leave ample time for relaxing or other self guided activities such as: fishing, swimming, hiking, and birding as requested.

## EQUESTRIAN EQUIPMENT

Western tack

Front saddle bags

A rope to attach your jacket at the back of the saddle

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

## TRAVEL INFO

### COMFORT

Accommodation is in a bunkhouse with only two rooms available to guests. Each room is spacious and comfortable and has a double and two single beds (bunks). Guests who don't know each other are not expected to share a room. All bedding and towels are provided.

Both rooms share a bathroom and open plan kitchen sitting area. A washing machine and tumble dryer are available.

Guests prepare their own breakfast and a sack lunch in the kitchen in their facility with provided groceries, and dinners are shared and prepared by staff in their personal homes, or brought down to Maycamp and enjoyed together.

WiFi is available although signal in the rooms can be very weak.

### MEALS

The fridge will be packed with ingredients for you to prepare your own breakfast (cereal, toast, yoghurt) and lunch (bread, cheese, cold cuts, chocolate bars, fruit..).

Dinners are prepared by the staff and taken all together in their personal homes.

If you wish to drink alcohol you have to bring some as the ranch doesn't have a license to and is a BYOB type. (Bring Your Own Bottle).

## **CLIMATE**

Plains of Colorado

- Dry winters with an occasional wind-blown snow. Some very cold temperatures alternating with some surprisingly warm days.
- Windy springs with highly changeable weather, an occasional blizzard, large temperature changes and an occasional gentle soaking rain or wet snow to help nurture the grasslands.
- Low-humidity summers with hot days and comfortable nights -- The Threat of big thunderstorms is always there, and the Plains see some of the most ferocious hail storms of the entire continent.
- Pleasant falls -- often dry.

Overall it is a semi-arid with precipitations gradually increasing as you go eastward into Kansas and Nebraska. Dry winters, wetter springs and summer, highly changeable weather, often windy, and some occasional monstrous thunderstorms with damaging hail.

## **TIPS**

Tips are compulsory in USA. Local team expects to get 10% of the cost of your stay.

## **PACKING LIST**

Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana

Upper body

- Thermals (long or short sleeved)
- Long sleeved shirts provide protection from the sun and are an extra layer
- T-shirts
- Lightweight fleece or jumper
- Warm fleece or jumper (and a spare in case one gets wet)
- Warm and waterproof jacket - it can rain at any time of year and the evenings can be particularly cold

Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Shorts
- Casual clothes for the evening

Hands and Feet

- Comfortable riding boots. We recommend western boots or short boots with half chaps but you may wish to take long chaps. We don't recommend taking your favourite long leather boots in case they get damaged
- Sandals, flip-flops or trainers
- Gloves - your hands are particularly exposed to the sun whilst riding

Nightwear

- Pyjamas

Other useful items

- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding
- Headtorch or small torch
- Water bottle (2 litres or 2 x 1 litre) - 1 bottle will be provided by the ranch
- Swiss army knife
- Small plastic bags for rubbish
- Ear plugs (for light sleepers)

Medical kit

- Any medication you regularly take
- Sunscreen and lip balm - should be high factor

- Insect repellent, preferably containing deet
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...
- Spare prescription glasses/contact lenses
- Eye drops
- Imodium or similar anti-diarrhoea medication
- Re-hydration sachets
- Antiseptic wipes
- Handwash gel

#### Our Recommendations

- Backpacks cannot be worn whilst riding. We recommend a small bumbag or a coat with pockets so that you can carry small items with you during the day (passport, camera, sunscreen, lipbalm etc)
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals

## SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
