ITINERARY

Highlights

- Enjoy a well-paced, rhythmic and interesting ride through stunning coastal scenery
- An athletic ride with long stretches of galloping along the beaches and polders
- Taste traditional Cancale oysters and enjoy delicious Breton and Normand cuisine
- Ride well-trained quality Irish Cob horses

Day 1 — 1 : UK - RENNES - ROZ-SUR-COUESNON - LA FOUCHERAIE HORSE FARM

Depending on your travel plans, you will arrive at the La Fourcheraie horse farm and gite at Bégossière in Roz-sur-Couesnon in the evening (from 18:00 onwards) or be met by a member of our team at Pontorsen train station (transfer approx. 10 mins - to be arranged in advance).

You will have your first hearty Breton dinner, of delicious local produce, and spend the night in a comfortable gite.

Day 2 — 2 : ROZ-SUR-COUESNON - MONT DOL - 5 hours riding

After breakfast, you will prepare your horses and set out towards Mont-Dol. Riding along the 'Balcony over the Bay' in Roz-sur-Couesnon will allow you to enjoy spectacular views across the polders and the bay of Mont-Saint-Michel. Heading out towards the peak of Saint-Marcen, you will delve into a dense forest riding along steep craggy paths to arrive at Télégraphe de Chappe, an old communication station.

After stopping for lunch at a local restaurant, you will climb back into the saddle and ride towards the crest of Saint-Broladre following winding wooded pathways. To end the day's ride, you will travel along the length of a river that will take you up to the foot of Mont-Dol, a rocky peak 64m high, found in the midst of lush marshland. You will have your evening meal and spend the night in a gite (Morière).

Day 3 — 3 : MONT DOL - COTE DE LA MANCHE - 5 hours riding

From Mont-Dol, you will head off through the polders - incredibly fertile low-lying ground surrounded by sea walls . After a slaloming path, taken between the vegetable and cereal crops, you will reach Saint-Guinox where you will stop for your lunch at a local restaurant. You will then leave the inland behind and head towards the headland and the fantastic views out across the bay.

You will spend the night at a B&B only 50m from the seafront.

Day 4 — 4 : COTE DE LA MANCHE - CANCALE - 6 hours riding

The day's ride will take you towards the beaches and cliffs of the Cancale coast. You will ride past the stately Beaugard chateau and its grounds, then take the fork in the road to Pointe du Nid from which you will catch a glimpse of Fort du Guesclin. The fort stands alone on a rocky outcrop, and is only accessible on foot at low tide when it then becomes the lone crop of green in an otherwise sandy landscape.

You will make your way along Cancale's peninsula, riding Verger beach and passing Moulière's peak before reaching Pointe du Grouin! This rocky outcrop, stretching into the bay, offers one of the most beautiful views of Mont-Saint-Michel, the Chausey isles and the Normandy coast. From there, you will also be able to see the Landes isle's bird reserve. After a picnic lunch in an enchanting scenic spot, you will continue your ride around Cancale harbour.

You will head back to the B&B to samples the region's famous oysters!

Day 5 — 5 : CANCALE - CHAPELLE SAINT ANNE - 5 hours riding

In the morning, you will ride the coastal path along the length of the bay extending from Cancale all the way to Mont Saint-Michel. After enjoying long gallops along the beaches, you will arrive in Cherrueix and stop for lunch in a restaurant looking out over the sea.

For your afternoon's ride, you will set off along the Duchesse-Anne embankment towards Saint-Anne's chapel - a place that still receives pilgrimages to this day - before crossing the grass-covered salt marshes. At extreme high tide this area is completely submerged, ordinarily however, these lands are home to the 'salt-meadow' sheep - a moniker attributed to both the sheep and the various species of bird who populate the bay. You will spend the night in a charming gite and enjoy more traditional Breton cuisine in a neighbouring restaurant.

Day 6 — 6 : CHAPELLE SAINT ANNE - MONT SAINT-MICHEL - 7-8 hours riding

A day's riding that you will not forget in a hurry! You will take a tree-lined track down to the sandy bay where the vast expanse opening up before you will invite you to break into a gallop. Throughout this fast-paced ride, you will get to experience the coastal countryside at its best, the fantastic morning light bathes the water and landscape making them sing with a fantastic range of colour. You will ride past Tomberlaine Island, an immense rock standing proud in the middle of the bay and the exclusive reserve of ornithologist, and, let's not forget of course, the impressive and striking Mont Saint-Michel. Your guide will regale you with the fascinating history and mysterious legends surrounding this intriguing island commune. You will then head out to gallop once more across the vast glistening plains. You will stop for your picnic lunch on the banks of the Coueson River.

You will return to your gite in the evening and dine out for your final meal in Breton.

IMPORTANT: The day's itinerary listed here is a general guideline. The day's programme may be modified depending on the weather and the condition of the ground. It is not always possible to ride everywhere as the tides greatly modify the environment leaving some passages rideable on some days and not on others. It is also the tide that will dictate the start and end times of the day's ride.

Day 7 — 7 : RENNES - UK

After breakfast and saying your farewells to the horses and the team, you will either be driven to Pontors on train station (book your train for after 12:30), or you can head off in your hire car around noon. Today's lunch is not included.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
