On this trail riding holiday, all your belongings will come with you and you will be given special waterproof expedition saddlebags. Please see the packing list for notes on weight limitations.

EQUESTRIAN INFO

Horses

The horses are a mixture of well bred, hardy breeds that are native to the UK. They are a herd of extremely fit, friendly and forward going trail horses and ponies. They live out all year round, working from 7 months of the year and enjoying a 5-month winter break. They love their job, and enjoy long rides through the Welsh countryside.

Guide & local team

All guides are full time, and have an extensive knowledge of our horses, routes and the hills. They are relaxed, friendly & professional.

Minimum riding ability

MINIMUM RIDING ABILITY

You need to be a competent rider with the ability to ride in all three paces. You must be happy and confident cantering in open space.

Rider weight limit: 92 Kgs/ 14 stone 7lb/203 Lbs

PACE

The mixture of terrain means a varied riding pace each day – there will be lots of trotting to cover the distance and canters wherever the terrain allows. There will be points where it is necessary to dismount and walk on foot with your horse, such as steep downhill tracks which may be loose underfoot. On the final day of the trail, you can enjoy exhilarating canters on the sand.

TACKING ABILITY AND PARTICIPATION

You are required to groom, tack and untack your own horse during the week. You are also welcome to help with feeding and watering the horses if you wish.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You will be riding between 6-7 hours each day, so riders must have a good level of current riding fitness. You must be physically fit enough to enjoy long trots and long days in the saddle on this riding expedition.

Previous experience of a multi-day trail ride is strongly recommended.

EQUESTRIAN EQUIPMENT

Each horse has its own individually fitted English tack, customised and fitted professionally to each horse. All horses are ridden in simple snaffle bits.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

Please note that there is no back up vehicle for this ride. Each rider is supplied with specially designed expedition saddle bags for spare clothes and personal belongings, and a smaller saddle bag for food and drinks. The amount of luggage each rider can take is roughly equal to one aircraft carry on sized bag/case. We also supply liners for your main expedition bags – these are 100% waterproof and will keep your belongings dry.

PACKING LIST

Please note that you are limited to around 6-8 kilos of clothing on this ride, as all your belongings will be carried with you in special expedition saddlebags. Please pack only what you need. The following list is a recommendation and outlines things you might need, depending on the season.

Head

- Helmets are mandatory. Equus Journeys strongly recommend that you take your own to ensure a correct fit.

- Sunhat for when not riding

- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana

Upper body

- Long sleeved shirts provide protection from the sun
- T-shirts
- Fleece, jumper or jacket - the evenings can be cold
- Waterproof jacket - indispensable!
- Casual clothes for the evening

Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Waterproof riding pants might be a good idea
- Casual clothes for the evening

Hands and Feet

- Comfortable riding boots. We recommend short boots or hiking boots with half chaps but you may wish to take long chaps to protect against thorns. We don't recommend taking your favourite long leather boots in case they get damaged. Boots with a smooth sole are not recommended.
- Sandals, flip-flops or trainers for the evenings
- Gloves - your hands are particularly exposed to the sun or rain whilst riding

Other useful items

- Small bumbag to be worn whilst riding
- A soothing cream may be useful to treat areas irritated by long hours in the saddle
- Backpacks are not to be worn whilst riding. Everything should be kept either in pockets or in a bumbag : lip balm, sun screen, small camera, glasses, rope etc.
- Water bottle (1.5 litres or 2 equivalent)
- Headtorch or small torch for moving around at night - bring spare batteries and bulbs
- Toiletries
- Toilet paper and a lighter to burn it after use

- 10cm wide bandage
- Painkillers

- Re-hydration sachets
- Antiseptic wipes
- Handwash gel

Please do not bring:

- Inflatable air jacket

General information

- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals
- In your hand luggage carry any valuables, such as your camera, ipod, ipad etc.
- Travelling in your riding boots and carrying your hat and some riding clothes is highly recommended - then if your luggage goes astray you are still able to ride!

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
