Day 1 — 1 : EUROPE - PALERMO

 Agriturismo Casalvecchio Geraci

Flight to Palermo in Sicily. Flights are not included but can be booked on request.

You will arrive at Casa "Il Bosco", a charming restored nineteenth century country house, immersed in the wild countryside of the Madonie Park, with breathtaking views of the island's north coast and the Aeolian Islands. You will enjoy a dinner prepared with local produce and spend the night here.

Day 2 — 2 : IL BOSCO - CASALVECCHIO - 7 hours riding

After breakfast your guides will assign your horse and set off from Casa "Il Bosco" at around 8.30. Begin the day riding through dense Mediterranean vegetation with beautiful views of the Tyrrhenian Sea. You will pass close to the town of Castelbuono and stop for a picnic lunch, before riding up the valley of the River Pollina, one of the most fascinating, wild, panoramic and least known areas of Sicily, between the territories of Castelbuono, San Mauro Castelverde and Geraci Siculo. Ride along enchanting and forgotten pathways to reach Agriturismo Casalvecchio. You will spend the night here and enjoy a delicious dinner prepared with produce straight from the farm.

Day 3 — 3 : CASALVECCHIO - MONTE SOPRANO - 7 hours riding

 Agriturismo Monte Soprano

After breakfast, you will set off at around 9.00 in the morning, riding along a very panoramic ancient pathway (a "trazzera") which passes the boundary between the three provinces of Palermo, Enna and Messina, reaching an altitude of about 1200m, before passing below the great turbines of a wind farm. You then descend into the forests of the Sambughetti-Campanito reserve, where you will stop for a picnic lunch. In the afternoon, continue on to the territory of Nicosia, followed by Cerami, before arriving at the agriturismo Monte Soprano, a working farm set on the slopes of the Nebrodi Mountains, where you will have dinner and spend the night.

Day 4 — 4 : MONTE SOPRANO - VILLA MIRAGLIA - 7 hours riding

 Relais Villa Miraglia

Today, your riding adventures take you through the heart of the Nebrodi Natural Park, along the famous "Dorsale" (the Nebrodi Ridge), a long dirt track (about 100 kilometres long) which passes through forests and high mountain pastures. This is a place full of charm, with extraordinary views: the Tyrrhenian Sea and the Aeolian Islands to the north, and the island's hinterland to the south – Enna, Caltanissetta, Agrigento, Siracusa, Catania, whilst Etna towers above everything else. You will enter the Nebrodi Natural Park through beech woods in the territory of San Fratello, famous for its sanfratellani horses, a native breed. You will stop for a picnic lunch in a shaded spot beneath centuries-old trees. In the afternoon, you will arrive at the Relais Villa Miraglia, where you will have a delicious dinner made with local Nebrodi products and spend the night.

Day 5 — 5 : VILLA MIRAGLIA - MONTE COLLA - 8 hours riding

Today is often described as the most beautiful day of the trail. You will ride for more than 40 kilometres along the "Dorsale" through mountains, woods and lakes, in the midst of a strikingly beautiful landscape. First you will come to the Maulazzo Lake, dominated by Monte Soro, the highest peak in the Nebrodi mountain range (at 1847 metres) and covered in magnificent beech woods. You will then reach the famous lake Biviere di Cesarò, which is a resting place for migrating birds. Continue along the "Dorsale", with lush forests giving way to clearings with panoramic views, with the Aeolian Islands to the north and the majestic peak of Mount Etna to the south. In the evening you will arrive - tired but satisfied -at Monte Colla, the most isolated hotel on the island, housed in an eighteenth century aristocratic home at around 1400 metres above sea level in the territory of Randazzo. Here you will enjoy a delicious dinner prepared with local produce and spend the night.

Day 6 — 6 : MONTE COLLA - MALVAGNA - 8 hours riding

After breakfast, you will set off at about 8.00 in the morning. After leaving the hotel and its cherry orchards, enter the surrounding woods once again and descend the valley where the source of the Alcantara River is found. You will then climb up towards the town of Floresta (the highest commune on the island at 1273m), before following the crest of the nearby mountains to reach the megalithic site of Argimusco (recently added to the list of UNESCO World Heritage sites), where you will stop for a picnic lunch. In the afternoon, ride down through the centuries old wood of Malabotta to reach the typical village of Malvagna, which looks out towards Etna. The group will have dinner and spend the night at the B&B Arco dei Sogni.

Day 7 — 7 : MALVAGNA - ETNA NORTH - 7 hours riding

For your last day in the saddle, ride through the village of Malvagna before descending into the valley of the Alcantara River, which you cross near the little gorges of Malvagna, before beginning the climb up the northern slopes of Mount Etna. Stop for a picnic lunch on Mount Etna and continue to climb up through woods and lava flows until you reach the Rifugio Timpa Rossa (at 1844m). Depending on the season and the conditions, you will continue to climb up to the craters from the last major eruption of 2002. You will have dinner and spend the night at Rifugio Ragabo, immersed in a majestic forest of larix pines.

Day 8 — 8 : DEPARTURE FROM CATANIA

Transfer to Catania airport after breakfast (or other locations on the island, as requested).

Alex is half French and half Sicilian and is fluent in French and English (as well as Italian and Sicilian). He was born in France and grew up in the territory of Madonie in Sicily. He studied Cultural Tourism Sciences at Palermo University and worked in cultural tourism for around ten years before specialising in equestrian tourism over ten years ago

Lizzie is another one of the guides. She has ridden trails around the world, but fell in love with the truly unique experience of trail riding in Sicily. SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
