After a canter across a high plateau, lunch will be cooked for you on an open fire, at the foot of troglodyte citadels of dovecotes carved out of the abrupt rock walls. Very quickly, the first long canter brings you to the Avlak mountain. The views from the top are truly stunning and this is your first proper glimpse of Cappadocia.

You will be driven back to Urgup to have dinner and overnight.

Day 3 — 3: Mustafapasa - Approx. 5 hours riding

Today, if the weather allows it, you will have your first long canter along the Avlak mountain

Make your way to the old Greek village of Mustafapasa where you will have lunch. Afterwards, you can take a nap on the nearest sofa or, if you are feeling energized, you can explore the village's old stone houses, its Ottoman madrasa and even its painted church.

In the afternoon, ride along small canyons, through narrow tracks and wide-open fields where you may encounter local shepherds and their flocks. Arrive to your guesthouse in Ayvali.

Note: luxury accommodation is not available tonight

Day 4 — 4: Keslik Monastery - Approx. 5 hours riding

This morning, expect long canters across the fields of the high Anatolian plateau (1600 m above sea level). Make your way through a steep trail that will lead you to the Damsa lake. Before visiting the monastery, you will enjoy a delightful lunch prepared by the locals.

The afternoon scenery is made of bare hills surrounding the lake and you may visit the underground village of Golgoli. Continue your ride along tracks of red clay and through hidden canyons that will lead you to your hotel.

Day 5 — 5: Uchisar - Approx. 3 hours riding

Today's itinerary will take you to the beautiful valleys of north Cappadocia, and the village of Uchisar. Trot and canter through vineyards and over rolling hills of white tufa to reach Ibrahimpasa. From this picturesque village, you start to climb the "Twin Hills" of Cappadocia. A nice canter at the top takes you to a panoramic viewpoint surrounding northern Cappadocia and the towering rock fortress of Uchisar. As you ride towards the village, admire the multicoloured rock formations of the famous Pigeon Valley, and the picturesque fairy chimneys. Arrive at Uchisar and enjoy a late lunch on the terrace before spending the rest of your day exploring the village. You can visit the churches of Jerome's Open Air Museum or hike through the pigeon Valley.

EQUESTRIAN INFO

Horses

The herd comprises forward-going Anatolian, Arab and cross-Arab mares. They are robust and sure-footed, responsive and respectful of their riders. There are no big horses (on average 1,50-55 m, 15hh) so there is a strict 85 kg / 13.3 stone / 190 lbs rider weight limit on this trail (including riding gear). If you weigh more than that, an additional horse can be arranged at a supplement, please contact us before booking.

Guide & local team

Your guide will be French-born Nicolas Guillo. He decided to make Cappadocia his home over 11 years ago and has been organising trail rides every since. He speaks English and also Turkish.

Minimum riding ability

MINIMUM RIDING ABILITY

You must be an intermediate or advanced rider. You must be able to mount your horse unassisted, and be confident over rough terrain and during group canters.

There is a strict 85 kg / 13.3 stone / 190 lbs rider weight limit on this trail (including riding gear). If you weigh more than that, an additional horse can be arranged at a supplement, please contact us before booking.²

PACE

Pace is walk, with some good canters. Although not as active as our Wonders of Cappadocia trail ride, this is not a slow ride.

TACKING ABILITY AND PARTICIPATION

Riders are responsible for their horse. You will be asked to help tack, untack, water and feed your horse.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You must be in good physical condition. On some occasions you will have to dismount and walk with your horse for short periods of time (shorter than on our "Wonders of Cappadocia ride") and to warm up the horses. The weather can be hot, in which case you will take a longer lunch break to get some rest in the shade.

In July and August, the temperatures are really hot. You will therefore ride early in the morning and late in the afternoon, with a long midday break.

This is a more relaxed, less strenuous version of the Wonders of Cappadocia ride for riders who feel like they might not match the fitness requirements for that ride, but it is not a slow trail.

An experience of trail rides over several days is necessary. Riders should be comfortable with heights as the terrain is challenging with cliffs and low altitude passes.

EQUESTRIAN EQUIPMENT

The riding equipment includes McClellan light trail riding saddles. These are fitted with two saddlebags.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

TRAVEL INFO

COMFORT

You will stay in picturesque, comfortable hotels located in ancient stone houses or in renovated cave houses, typical of the local architecture. All of them are chosen for their authenticity, intimacy and warmth.

Most hotels offer internet access and a laundry service.

Note: There's the possibility to upgrade the accommodation throughout the holiday, please check the "Dates and Prices" tab to know more.

MEALS

Turkish and continental breakfast at the guesthouses

Lovely lunches - either good quality picnic lunches (with tables and chairs) or in local restaurants.

Dinners are taken at the guesthouses - starter, main and desert.

Water, tea and coffee are included. Cappadocia wine, beer and other drinks are available and payable locally. Vegetarian meals are available on request.

CLIMATE

Cappadocia has a continental climate and stands at over 1000 m above sea level. Expect cool nights from May through late June and possible rain during the day (average temperature is 15°C). This is a good time to visit and it also marks the beginning of the hot air balloons season. The summers are dry and hot with the hottest weeks from late July to late August.

TIPS

Tips and gratuities are not mandatory in Turkey, although it is customary to leave a tip at restaurants (some already include a 10% in the bill). Tips to the local team and appreciated but are left to your discretion.

PACKING LIST

Your luggage will be transferred by a logistics vehicle. You should pack several, lighter bags rather than one large, heavy suitcase.

Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana

Upper body

- Long sleeved shirts provide protection from the sun and dust
- T-shirts
- Fleece, jumper or jacket - the evenings can be cold
- Waterproof jacket - the rains can be difficult to foresee in spring and it's better to be prepared. Layering is key to cope with the fluctuations in temperature between day and night
- Casual clothes for the evening

Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Shorts for lazy lunchtimes
- Casual clothes for the evening
- A swim suit may be useful

Hands and Feet

- Please bring hiking shoes with half chaps as some of the passages you may take on foot can be steep. Riding boots are not suitable as they don't have enough grip.
- Sandals, flip-flops or trainers for the evening
- Gloves - your hands are particularly exposed to the sun whilst riding

Nightwear

- Pyjamas

Other useful items

- Mandatory: Water bottle (1.5 litre or two x 1 litre)
- Hand sanitiser
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding
- Headtorch or small torch

Medical kit

- Sunscreen and lip balm - must be high factor
- Insect repellent
- Any medication you regularly take
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...
- Rehydration sachets (dioralyte or similar)
- Spare prescription glasses/contact lenses
- Ear plugs, particularly if you are a light sleeper

Our Recommendations

- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- You should also bring a copy of your passport/insurance in case you lose your documents. You can also save a copy into your mobile phone.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
