Flight to Rapid City in South Dakota (not included).

We recommend arriving in the mid-afternoon by 4:00 pm on time for the transfer to the Ranch. If you need to arrive on a later flight, we would suggest arriving a day early – we can help book a hotel in town if necessary. Once at the ranch, you will have dinner with the team and enjoy your first evening at the famed Kara Creek saloon!

Flights are not included but can be booked upon request.

### Day 2 — 2 : RANCH - 4-6h riding

Kara creek ranch

**IMPORTANT:** The following program is provided as an indication, it is by no means exhaustive but reflects all the activities in which you will be asked to participate. Your time at the ranch is dictated by the needs of livestock, weather conditions as well as your expectations and your previous experience

on horseback. Plans change quickly on a working ranch!

You will head to the stables with the cowboys where they will allocate your horse - if you are not familiar with western riding, don't worry! The wranglers will use this occasion to train you.

You will then set off to see the vast ranch on horseback. You will have a chance to get to know your mount, an experienced ranch horse, that will help you with your daily tasks on the ranch. You will also be introduced to the proper way to approach and interact with the cattle.

You will head back to the ranch late in the day and enjoy a drink at the saloon before a hearty dinner prepared by the team. Dinners are taken family-style in the main house.

## Day 3 — 3 : RANCH - 4-6 hours riding

---

 Kara creek ranch

Every day at the Ranch is different and there is no set itinerary - the day's rides and round ups will be dictated by the ranch needs and local conditions.

Those who wish can get up early to help bring in the cavvy from the pastures and back to the ranch. This is an amazing experience and worth the early wake up call!

You could be setting off to see the vast ranch on horseback. You will be introduced to the proper way to approach and interact with the cattle. You may be able to join a mini round-up, helping rotate cattle between fields and checking fences or water troughs along the way. Learn how to group the cattle and drive them smoothly in the right direction. Based on your abilities you will be asked to either herd them from the rear, to chivvy the reluctant cattle and bring back in line those making a bid for freedom.

Head back to the ranch in the afternoon to relax, learn to use a lasso on the cow dummy, or help out with the cattle and horses.

Enjoy a drink at the saloon before a hearty dinner prepared by the team. Dinners are taken family-style in the main house.

## Day 4 — 4 : RANCH

# Horses

---

The ranch has more than forty Quarter and Paint horses. They are trained throughout the year by the wranglers and are experienced ranch horses that are used to working with livestock. They spend the year turned out in the pastures living as a herd.

Horses on a working ranch are working horses and as such may not be looked after the way we do in the UK and Europe. However, they are healthy, happy, and love their job.

## Guide & local team

---

The ranch is supervised by an environmental protection agency. The ranch's pastures and land are managed in an ecological and holistic way. The wranglers and the rest of the team are either employed or volunteers.

The team is very friendly and they do their utmost to ensure you make the most of your time on the ranch.

## Minimum riding ability

---

### MINIMUM RIDING ABILITY

---

A trip for intermediate and experienced riders. To get the most out of this trip, you should be at ease at all paces. You should be able to trot and canter outside in an independent seat with ease.

### PACE

---

All 3 paces are used, although the majority of interaction with the cattle is done at a walk to keep them calm. Gently trotting, or 'jogging', is often used for covering long distances.

You will spend between 4-8 hours riding, depending on the ranch activities.

### TACKING ABILITY AND PARTICIPATION

---

You will be asked to groom, tack and untack your horse. Someone will on hand to help if you have never used western tack before.

You may also be asked to feed and water your horse after the day.

### TRIP CONDITIONS AND REQUESTED EXPERIENCE

---

Experience of Western riding and cattle work is not compulsory for this holiday. You can enjoy it without any previous experience. If you have never experienced working with cattle, it will take you a few days to feel useful. That's completely normal!

### EQUESTRIAN EQUIPMENT

---

Western tack.

Leather straps to fix your jacket to the back of the saddle

Some saddlebags are available.

We recommend our riders to wear a helmet to the correct standard. There are no helmets at the ranch.

## TRAVEL INFO

### COMFORT

---

Accommodation is either in a private or shared cabin (2 bedrooms) or in a double room in the house.

The main house is a communal space where you will have your meals each day. Here, you can also choose to relax in front of the fire, listen to music or play snooker. This is a home away from home and your help will be appreciated when it comes to putting away dishes and clean up after yourself. A washing machine and tumble dryer are available for you to use.

The saloon is a recent addition to the ranch and is a place where riders gather after their rides and in the evenings for a cold drink and a bit of music. Neighbours and legends from the rodeo circuit are known to stop by a few times a week!

WiFi available.

## MEALS

Meals are taken family-style in the dining room at the lodge.

Breakfast: hearty breakfast with eggs, crispy bacon, toast, jam.

Lunch: simple lunches of salads, pasta, sandwiches.

Dinners: typical "cowboy style" with home-raised meat, potatoes, pasta and vegetables.

Drinks at the ranch (in reasonable quantities) are included.

## CLIMATE

Wyoming's outstanding features are its majestic mountains and high plains. Weather and topography have more contrast than in most other states. Surface elevations range from the summit of Gannett Peak in the Wind River Mountains, at 13,804 feet, to the Belle Fourche River Valley in the state's northeast corner, at 3,125 feet.

Wyoming is located deep within continental North America, far from the moderating influence the oceans. Wyoming, therefore, has some long winters, but also some pleasant summers. A typical Wyoming summer day will start out bright and sunny. Clouds will appear on the western horizon about noon and thunderheads will develop mid-afternoon. Scattered, isolated thundershowers will dot the landscape in late afternoon and early evening.

Autumn in Wyoming is a pure delight. Most places will start to see snow in mid-September, but winter weather won't start to stick until late November. For most of the two months in between, the state enjoys a special season called Indian Summer, with warm days, cool nights and spectacular colors. It's a delightful change-of-season experience.

## TIPS

Tips are compulsory in USA. The local team expects to get 15-20% of the cost of your stay.

## PACKING LIST

### Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit. There are many lightweight options available nowadays.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana

### Upper body

- Thermals (long or short sleeved)
- Long sleeved shirts provide protection from the sun and are an extra layer
- T-shirts
- Lightweight fleece or jumper
- Warm fleece or jumper (and a spare in case one gets wet)
- Warm and waterproof jacket - it can rain at any time of year and the evenings can be particularly cold

### Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Thermals
- Casual trousers for the evenings, such as jeans or tracksuit bottoms

### Hands and Feet

- Comfortable riding boots. We recommend western boots or short boots with half chaps but you may wish to take long chaps as an extra layer against inclement weather. We don't recommend taking your favourite long leather boots in case they get damaged.
- Waterproof shoes/boots can be useful for abundant dew in the mornings or when it rains
- Trainers or equivalent light shoes for the evenings
- Several pairs of warm, thick socks
- Gloves - your hands are particularly exposed to the sun, cold or rain whilst riding. Waterproof gloves can be particularly useful.

### Nightwear

- Pyjamas

### Other useful items

## SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
