### ITINERARY

## Highlights

- Explore on horseback the diverse landscapes of the Waterberg Biosphere Reserve.
- Ride alongside a good selection of plains game – zebras, hippo, giraffe, and so many more.
- Big Five game drive can be arranged (not included).
- Experience the charm of different accommodations, each unique in their own way

## Day 1 — 1: Home - Johannesburg

Overnight flight to Johannesburg. Flights are not included but can be arranged upon request.

## Day 2 — 2: Johannesburg – Waterberg - Approx. 2h riding

 Ranch Waterberg

Upon arrival to OR Tambo, you will be transferred to the ranch in the middle of the Waterberg plateau (around 3,5h drive). Please note that the group transfer departs at 10:30am and we recommend your flight lands early enough. Please note transfers are not included (see dates and prices).

After a light lunch in the garden and a delightful tea, it is time for you to meet your horse. The introductory ride offers a prologue to the reserve, providing a fantastic chance for your first encounters with species like zebra, giraffe, and hippo. The ride varies from walking to cantering along sandy tracks, concluding with sundowners drinks on the plains.

Overnight at Horizon Lodge.

## Day 3 — 3: Waterberg - Aprox. 6h riding

Today's route follows an open valley housing species like kudu, sable, reedbuck, red hartebeest, waterbuck, and impala. The sandy tracks make for excellent riding, crossing open grassland and weaving through dense woodland. Dark red pedigree cattle, bred on the property, are often encountered along the way. If conditions allow, the last leg involves splashy canters along the lake adjacent to the lodge.

In the afternoon, you will head east along the river, passing dams where hippo encounters are likely. Riding close to these wild animals is a truly magical experience.

Overnight at Horizon Lodge.

## Day 4 — 4: Bellevue Lodges & Buffalo Tracking - Approx. 6h riding

---

Today, you will ride from Horizon to either Savannah Lodge in the far southwest or Seringa Lodge in the southeast.

At first, the route covers familiar ground but soon ventures into new terrain. The landscape opens up to grasslands with sweeping views, showcasing the vastness of the African plains. This area boasts a high concentration of game, with big herds of blesbuck and eland often sighted. The final stretch to Savannah Lodge is along a wooded stream where kudu and bushbuck are likely to be seen.

## Day 5 — 5: Waterberg & Big Five Game Drive - Approx. 4h riding

---

Another long ride through game-rich country brings you back to the heart of the operation, Horizon Lodge. The route taken is different from the previous one, offering excellent opportunities to see giraffe.

In the afternoon you will set off on a game drive in the nearby Entabeni or Welgevonden game reserves (not included – check “Dates&Prices” tab). Although it involves some travel time, the chance to see lion, elephant, and rhino in their natural environments makes this excursion well worthwhile.

Overnight at Horizon Lodge.

## Day 6 — 6: Camp Davidson - Approx. 6h riding

---

Today's route will take you deep into the reserve, reaching parts with a true wilderness quality.

After about three hours in the saddle, you will arrive at a giant wild fig tree for a delicious bush breakfast prepared on an open fire. After this hearty meal, the route back to the lodge will take you through a dense forest area where some of the shyer species like to shelter.

In the afternoon, you will head towards Camp Davidson for an exciting night under canvas. The camp is perched high on a ridge overlooking a vast wilderness area to the east. This is not a long ride, but the route is exciting, following a narrow trail along the edge of the ridge. Wildlife often encountered in this area includes baboon, bush pig, kudu, and klipspringer. Porcupines are frequent nocturnal visitors to the camp, and leopard spoor outside the tents is not uncommon.

## Day 7 — 7: Sunset Lake - Approx. 6h riding

---

Today's route covers the north-eastern areas of the reserve. Descend from the camp to cross a stream and open plain and then follow the tracks through untouched bush to the upper reaches of Sunset Lake. This lake is home to crocodile, otter, fish eagle, and other waterfowl, such as the beautiful African jacana.

You will ride along the water's edge while being on the lookout for the hippo. These animals, while having a reputation for being some of the most dangerous in Africa, are not a threat during the day but will often honk and blow as they observe the riders go by.

Arrive back at Horizon, where you will have some time to relax by the swimming pool and enjoy the unspoilt surroundings. In the afternoon, you will get to join a “polocrosse” game, an amalgam between polo and lacrosse. Prior experience is not required.

Tonight's dinner features a wine tasting experience.

## Day 8 — 8: Waterberg Highlands - Approx. 6h riding

---

Today you will follow the valley down to the eastern edge of the reserve before crossing up to the highlands near Camp Davidson. While you make your way back to the lodge, the tracks offer great opportunities for extended canters.

In the afternoon, you will follow a route interspersed with optional cross-country jumps that will lead you to the sundowners' location. Relish on the views over the rolling hills, before returning to the lodge.

## Day 9 — 9: Waterberg – Johannesburg - Approx. 3h riding

This is a last opportunity to ride amongst Africa's incredible antelope species through a beautiful environment on superb horses. Following lunch in the garden, it is time for the road transfer back to the Johannesburg.

Note: Transfers are not included. Departure is scheduled at around 1:30pm. Please do not book flights departing before 7:30pm.

## Day 10 — 10: Home

Arrival home.

## **CLIMATE**

From November to December, the summer months become hotter and more humid with either continual rain or storms in the afternoon, on these days, you will head out to ride once the rains have stopped. At this time of year, mosquitoes and other insects are also more numerous and present in comparison to the winter months.

From January to March, the weather is usually drier and the days are very hot. Your morning rides finish earlier in order to avoid this heat. Mosquitoes and other insects are also more present and numerous in comparison to the winter months.

In April, the vegetation starts to change. The green bush becomes brown and sparse throughout this period of autumn. The temperatures will drop during the night, however during the day it will still be hot with the possibility of storms in the afternoon.

In May and June, the winter months, the temperature lowers significantly at night and early in the morning. The vegetation becomes browner still and the trees lose their leaves. Due to the sparseness of the vegetation, visibility through the bush is improved.

From July to September, the weather is extremely dry with cold nights. The temperature is also quite cool during morning and end-of-afternoon excursions.

From October to November, the spring is at its peak dryness with hot winds and sparse vegetation. The first rains arrive at the end of October.

## **TIPS**

Tips are not expected but if you wish to leave a tip then we recommend c. £10 per guest per day for the entire local team - this can be given to your hosts to share out equally. You can tip in any currency (GBP, Euro, USD or Rand) by cash or card.

## **PACKING LIST**

If you have any old clothes, shoes, or blankets that you would otherwise throw away and have some room in your luggage please do take it with you. Horizon is involved with local schools/day-care centres and helps where possible with the Waterberg Welfare Society and its aids orphan program. Please note this is not expected.

### Head

- Hard hats are compulsory and we recommend you take your own to ensure a correct fit.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana

### Upper body

- Long sleeved shirts provide protection from the sun and thorns
- T-shirts
- Fleece, jumper or jacket - the evenings can be cold
- Waterproof jacket - particularly during the summer months (October - April) when there can be rain or thunderstorms
- Casual clothes for the evening

### Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Shorts for lazy lunchtimes
- Casual clothes for the evening

### Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps to protect against thorns. We don't recommend taking your favourite long leather boots in case they get damaged
- Sandals, flip-flops or trainers for moving around the lodge and camp
- Gloves - your hands are particularly exposed to the sun whilst riding

### Other useful items

- A high lumen torch or head torch
- Swimsuit - for the pool or swimming your horse in the dam

- Binoculars for viewing game
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding

#### In your luggage

- Any liquids, such as shampoo, moisturiser, deodorant unless they are less than 100ml and all bottles can fit in a small, clear, plastic ziplock bag

#### In your hand luggage

- Any valuables, such as your camera, ipad, etc.
- Your riding hat

#### Medical kit

- Sunscreen and lip balm - must be high factor
- Insect repellent, preferably containing deet
- Any medication you regularly take
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...

#### Our Recommendations

- Wherever possible you should wear neutral colours, such as beige, brown or natural bush colours for riding as bright colours, such as red, yellow or white can startle the wildlife and they will see you long before you've seen them
- Backpacks cannot be worn whilst riding. We recommend a small bumbag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc).
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride
- It is advised to take a copy of your passport and insurance documents with you in case you lose your originals.
- A laundry service is available, which may mean that you can pack light.
