EQUESTRIAN INFO

Horses

The Mongolian horse is legendary. They are small, energetic and tough but gentle and perfect for trail riding on all types of terrain. The horses are sociable and live happily in a herd. They are not difficult to ride but some will be more spirited than others.

Guide & local team

You will be accompanied by at least two local horse guides. There will also be a cook to prepare meals (camping night only), and a vehicle driver. An interpreter will accompany you during the ride.

Minimum riding ability

MINIMUM RIDING ABILITY

You need to be an experienced rider who is used to riding outdoors across varied terrain for several hours.

Weight limit: 80 kilos, 176 lbs, 12.6 st.

PACE

While a significant part of the ride is at walk, there are plenty of opportunities for long trots and spirited canters.

TACKING ABILITY AND PARTICIPATION

The local team will tack and untack the horses for you. While camping, you may be asked to assist with tasks such as putting up and dismantling tents.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

Previous experience of riding a trail for several days is an advantage but is not required. Riders who do not ride regularly are requested to get riding fit before the holiday.

Visiting a new country offers the opportunity to meet other cultures with different mentalities, therefore it is important to accept these differences and respect the local way of life. Be prepared to adapt to a different style of riding and accept that Mongolians relate to their horses in a different way to us.

Your belongings are transported by car.

EQUESTRIAN EQUIPMENT

Kazakh and Russian saddles.

Whilst the stirrup leathers are adjustable, riders who are tall may find that they are short in length and are recommended to take their own pair of leathers.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

TRAVEL INFO

COMFORT

- 2 nights in Ulaanbaatar: you stay in a hotel with private bathrooms and wifi
- 10 nights in touristic yurt camps: 5-6 beds in a yurt, bathroom facilities and hot water.
- 1 night in camp: two-man tents. Mattresses are provided but you need to take your own sleeping bag.

Please note there is no electricity throughout the ride. You may bring solar charger/powerbank, if you wish.

MEALS

Meals are overall simple, and consist mainly of meat and some vegetables.

Most dinners will be prepared by the Mongolian families you stay with, except on the camping night in which a member of the local team will take on that responsibility.

You will be supplied with fresh water to drink. You may also bring water-purification tablets such as Micropur. Do not drink from unknown sources.

CLIMATE

Mongolia has over 260 days of sunshine a year! Generally there is very little rain - the annual average in the north is 200-350mm and this decreases in the south. Mongolia is located in the heart of a high pressure system which leads to clear skies and Mongolia is sometimes known as the "Land of Blue Skies".

Winters are long and cold (October - April) and so rides run during the summer months of May - September. There is a short rainy season during mid-July - September but rainfall is usually short and scanty in the late afternoon. Temperatures are mild in the north and hotter in the south. Because of the altitude, nights can be cold even in summer. From September you can expect cold nights, sometimes down to 0°C, Winds can be strong, particularly in spring and autumn and the weather can change quickly, so take layers and be prepared!

TIPS

If you are happy with the service you receive from your local guides and driver then you may wish to leave a tip. In order to remain consistent with their standard of living, we would recommend something in the region of £50-55.

PACKING LIST

When packing, please remember that the region can be cold and it would be wise to bring layers!

Pack carefully and sensibly: the following guide is here to give you an idea of what to bring.

Soft bags are preferred as they are easier to fit into the back up vehicle

Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit. There are many lightweight options available nowadays
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana
- Warm hat for cold nights

Upper body

- Thermals (long or short sleeved)
- Long sleeved shirts provide protection from the sun and are an extra layer
- T-shirts
- Lightweight fleece or jumper
- Warm fleece or jumper (and a spare in case one gets wet)
- Warm and waterproof jacket - it can rain at any time of year and the evenings can be particularly cold

Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Thermals
- Casual trousers for the evenings, such as jeans or tracksuit bottoms
- Waterproof over trousers

Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps as an extra layer against inclement weather. We don't recommend taking your favourite long leather boots in case they get damaged
- Waterproof shoes/boots can be useful for abundant dew in the mornings or when it rains
- Trainers or equivalent light shoes for moving around in the evenings
- Several pairs of warm, thick socks
- Gloves - your hands are particularly exposed to the sun, cold or rain whilst riding. Waterproof gloves can be particularly useful

Nightwear

- Sleeping bag. You need at least a comfort factor down to minus 5°C, but would recommend at least minus 8 or 10°C (especially outside of July/August)
 - Sleeping bag liner - silk, cotton or fleece - adds an extra layer
 - Pyjamas or tracksuits or thermals for sleeping in
- Please remember it can get very cold at night, especially if you are travelling in June/September: pack accordingly.

Other useful items

- Water-purification tablets
- Swimsuit - for swimming/bathing in lakes
- Towels - camping ones will both dry and pack more easily
- Small backpack for accessing items required during the day (carried by support crew)
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding
- Headtorch or small torch for moving around camp at night - bring spare batteries and bulbs
- Water bottle (2 litres or 2 x 1 litre)
- Wet Wipes or equivalent (for when washing facilities aren't available)
- Toilet paper and a lighter to burn it with
- Small plastic bags for rubbish
- Ear plugs (for light sleepers)
- Solar charger/powerbank

In your hold luggage

- Any liquids, such as shampoo, moisturiser, deodorant unless they are less than 100ml and all bottles can fit in a small, clear, plastic ziplock bag. We recommend biodegradable washing products where possible.
- Swiss army knife (or equivalent)

In your hand luggage

- Any valuables, such as your camera, ipod, ipad etc.
- Your riding hat

Medical kit

- Micropur tabs
- Sunscreen and lip balm - should be high factor

- Insect repellent, preferably containing deet
- Any medication you regularly take
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...
- Spare prescription glasses/contact lenses
- Eye drops
- Imodium or similar anti-diarrhoea medication
- Re-hydration sachets
- Water purification tablets
- Antiseptic wipes
- Handwash gel

Our Recommendations

- Soft bags are preferred as they are easier to fit into the back up vehicle.
- Backpacks cannot be worn whilst riding. We recommend a small bum bag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc)
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- Tall riders may benefit from taking a pair of long stirrup leathers with them (the local stirrups are adjustable but are sometimes limited in length)
- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals
- Please take your rubbish home with you. There are no recycling facilities in Mongolia, so take your used batteries, aerosols etc back home and dispose of them appropriately. Try to leave excess packaging material at home before travelling
- You may wish to take some photographs or postcards of your home with you to show your hosts. You may also wish to take some crayons, colouring books etc for the children
